

Korean American Adoptee Adoptive Family Network
Box 714, Camp Hill, PA 17001

October 28, 2014

Dear Dr. Kimberly McKee:

I am pleased to grant you permission to conduct research on our organization, the Korean American Adoptee Adoptive Family Network (KAAN), as part of your study, "Examining the Past, Considering the Future: The Impact of KAAN (Korean American Adoptee Adoptive Family Network) in the Lives of Adult Adoptees and Adoptive Families." I have reviewed your research proposal and am comfortable with the plans outlined within it. Your academic and professional experience as well as your involvement in the adoption community, particularly with KAAN, position you well to be successful in this venture.

As part of this work, you have the authority to disseminate information concerning the study via various public venues, including our listserv, website, and social media outlets. You have our permission and endorsement to contact current and past KAAN leaders, stakeholders, and speakers/performers as part of your study. We look forward to having you meet with these individuals during our national conference, when our constituency comes together annually. We are also very willing to work with you in establishing a KAAN archive covering our work since 1998. We are excited to see the results of this research and use it to strengthen our organization and services to the community.

Please keep us informed as the study moves forward. Please contact me at (717) 574-3629 or stacy@KAANet.org if you or the Grand Valley State University Human Research Review Committee requires additional information.

Sincerely,

Stacy Schroeder
Executive Director and President
